COMPLETED PROJECTS

• **Manitowoc Cleveland Range**

Manitowoc Foodservice, makers of commercial food equipment, wanted to consolidate their America's Ovens division and create a facility to accommodate new offices, boardroom, display area, test kitchens and loading docks. The kitchens, used by potential customers for testing and demonstration, are fully functional commercial kitchens. The new addition is also home to division headquarters for the nationally known manufacturer and includes administration offices. Beacon Marshall Companies teamed with JBA for this Design/Build project.

• **Honda Marysville Mezzanine Office Renovation**

• **Newark School District Bus Garage Renovations**

• **ODOT Dresden Outpost**

• **Newark Digital Academy**

In 2010, JBA presented a Multi-Year, Three-Phase plan for the renovations and addition to the existing school. The final phase included a 4,750 SF addition that more than doubles the facility. The addition consists of secure front entrance, new classrooms, laboratories, offices, restrooms, break room and admin offices. The surrounding neighbors view the upgrades as an asset to the community.

RECENT HAPPENINGS

New Website Launch!

JBA Architects recently launched a brand-new website. In addition to the information on the old site, the new site features an extensive project photo gallery, staff photos and resumes, contact information, and back issues of the JBA Newsletter!

Take a moment to browse through the different pages and don't forget to check back from time to time to see what's new!

Staff Changes

Over the years, we have had some talented people work for us. But, as time goes on, lives change and people move on to other things. Recently, Mark Keith made the career change to Construction Manager for Robertson Construction; Laura Hunt moved in a new direction as Chief Plans Examiner for Licking County; and Ivy Soter was offered a full-time position that she just couldn't pass up at Jobes Henderson. Since JBA has frequent contact with all three places, we still get to keep in touch with our friends!

Help us welcome Christy Lombardo as our new Corporate Accountant three days a week. We're pleased to have her on the team!
