UNDER CONSTRUCTION

- **Ariel Corporation**, the world's largest manufacturer of separable reciprocating gas compressors, collaborated with Southgate Corporation and JBA on what will soon be the newest production facility for this international company.

- **Southgate Corporation: Mistras Group New Production Facility**
- **Newark City Schools Bus Garage Three-Phased Improvements**
- **Nestle Green Coffee Warehouse New Storage and Distribution Facility**
- **OSUN / COTC Maintenance Facility New Building**
- **Saint Vincent de Paul Catholic School Entrance & Administration Office Addition and Security Upgrades**

- **Barlow-Vincent Middle School** is about to begin construction on two additions to the facility and a renovation of the existing classrooms, science labs, art studio, corridors, restrooms and administration offices. Since the original building was designed by Joseph Baker and Associates in 1958, JBA is pleased to be involved with this renovation!

- **The Inn at Belden Village**, an assistant living facility, is expanding their Memory Care wing and renovating the Administration and Common Gathering areas. Project is in final bidding stages and construction will begin soon after project is awarded.
