COMPLETED PROJECTS

- **Southgate Corporation tenant fit out for Goodyear R&D Facility**

Southgate Corporation hired JBA as the architect of record for the original shell building. When Goodyear made the decision to move in, JBA was selected to develop the interior layout, construction documentation, and finish selection. *(see photo insert)*

- **Hebron New Life UMC**

- **ODOT Dresden Outpost**

- **Nestle Cafeteria Renovation and Addition**

Our latest project in collaboration with Nestle and Ruscilli Construction involves the renovation of the corporate cafeteria. This renovation provides a much larger space including hot and cold food service counters, self serve areas, indoor seating, sunroom seating and outside patio seating. *(see photo insert)*

JBA Partners and Staff:

- **President**
Tom Nugent, AIA
- **Vice Presidents**
Mike Henderson, RA
Greg Cotterman, RA
- **Partners**
Steve Stein, AIA
Mark Keith, RA
- **Interior Design**
Karen Collins
- **Production**
Ryan Gallinger
Tim Scheck
- **Corporate Accountant**
Ivy Soter

UNDER CONSTRUCTION

- While construction was taking place on Building 48 (Goodyear), Southgate commissioned JBA to provide construction documents for Building 49. Before the shell was completed, Xperion contracted to move in and JBA was kept on the project for tenant build-out. Xperion is a German company that produces pressurized fiberglass tanks for the natural gas industry.

Existing Building

- The Newark Digital Academy is a distance learning school sponsored by the Newark City School District. Its mission is to provide learning opportunities to at-risk student while maintaining a physical presence in the community for those students requiring or requesting individual tutorial help in a classroom environment. In 2010, JBA presented a Multi-Year/Multi-Phase plan for renovation and addition to the existing facility. Interior and exterior renovations are complete and the addition is underway!

Rendering showing addition

ON THE BOARDS

- Wright Memorial United Methodist Church
- Comfort Dental - Hilliard
- St. Vincent DePaul School administrative office addition; Mount Vernon, OH
- Staples Retail Store façade design
- Anomatic office infill in unfinished section of new building (see insert)

Lobby in Anomatic's new facility completed in 2012. JBA was hired to provide design services and construction documents

MEET OUR STAFF - Q&A with Design Architect Steve Stein

When you get home after a long day, what is the first thing you do? Turn off the car...just kidding. I put my things down, kiss my wife, and ask the kids about their day

When you're not at the office, we can find you... Trying to catch up on my sleep

Do you own pets? Yes, my lap cat. His name is Wallace and he is like me - getting fat

What is your biggest guilty pleasure? My Mom's raspberry pie...I don't get it often, so I don't feel that guilty about it!

What, if anything, scares you? Spiders, definitely spiders.

When you were a child, what did you want to be when you grew up? An Apollo astronaut

What is your favorite TV show? Currently I like "Sherlock" on PBS

The last book I read was... The Count of Monte Cristo

What was your first job? Mowing the yard for an elderly lady for \$3 and a cold glass of flat root beer (but only if I sat down and visited with her!)

What would you consider to be a perfect day? A cool summer day with nothing planned but painting landscapes!

If you could have a walk-on role in any TV show, which one would it be? Firefly

What is your all-time favorite movie? Forest Gump; but Walter Mitty was pretty good, too!

If you could go on vacation anywhere in the world, where would it be? A villa in Italy

In whose home would you love to be a fly on the wall? My own - the flies seem to have a very long life span once they get into our house!

Would you describe yourself as a morning person or a night owl? I certainly am a night owl.

If you could have dinner with anyone, living or dead, who would it be and why? My Grandpa. We would pack bologna sandwiches and go fishing.

Do you have any pet peeves? Pointless questionnaires (ha)

Who is your favorite author? Larry Niven, C.S. Lewis, Isaac Asimov

If I could vacation at the beach, in the woods or in a city, I would pick: City!

What was your most embarrassing moment ever? It's so embarrassing that I could never tell! Nice try.

Would you ever go sky-diving or bungee jumping? Sure, why not?

What has been the proudest moment of your life so far? Finishing this questionnaire!

Steve earned his BArch from Kent State University in 1986

RECENT HAPPENINGS

The First 75 Years 1938 - 2013

In 1938, Joseph Baker started his firm as a leading architect that was forward thinking in design. Many landmark buildings in Licking County and beyond have a distinct "Joe Baker" look that are still considered innovative and contemporary. At his passing in 1987, Joseph Baker and Associates became JBA Architects. To this day, the partners and designers strive to continue the vision that Mr. Baker had for his company. We look forward to another 75 years of serving the Licking County area and Central Ohio!

HAPPY BIRTHDAY JBA ARCHITECTS!
